SuperTrifecta

Exciting new way to win TWICE and in a big way. Just pick the one-two-three finishers in order in the Fourth Race and the one-two-three-four finishers in order in the Fifth Race and the SuperTrifecta is only a $1 dollar wager.

- *Fifty percent of the daily* **SUPERTRIFECTA** *pool is paid out to those* selecting the Fourth Race Trifecta (the 1-2-3 finishers in correct order) and you have a chance to likely win much, much more.
- You win the **SUPERTRIFECTA** when you correctly select the first four finishers in the Fifth Race in order after selecting the first three finishers in correct order in the Fourth Race.

If no ticket is sold that day with all Seven winners on a ticket, 50 percent of the daily net pool is carried over to the next day's **SUPERTRIFECTA** pool. You then have a chance the next day to win from an even greater mutuel pool.

THE SUPERTRIFECTA RULES

1. The SuperTrifecta is a wager that requires the bettor to select the first three finishers in exact order in one designated race and the first four finishers in exact order in a second designated race.
2. The SuperTrifecta pool shall be held entirely separate from all other pools and is not part of a daily double, quinella, perfecta, trifecta or other wagering pool.
3. Commissions shall be deducted from the daily SuperTrifecta pool in accordance with state law for wagers involving three (3) or more betting interests. The balance of the pool, following commission deductions, shall be known as the daily net supertrifecta pool.
4. Fifty percent (50%) of the daily net pool, excluding any carryover pool, shall be distributed to holders of tickets which correctly select the first three (3) finishers of the first SuperTrifecta race. Fifty percent (50%) of the daily net pool plus any carryover pool, shall be distributed to holders of tickets which correctly designate both the first three (3) finishers of the first SuperTrifecta race and the first four (4) finishers of the second SuperTrifecta race. If no tickets are sold which correctly select the finishers of both SuperTrifecta races, fifty percent (50%) of the daily net pool shall be carried over to the next race program and combined with the net SuperTrifecta pool for said program *and added to any accumulated carryover pool. Fifty percent (50%) of the daily* net pool shall be carried over in this fashion each program until at least one ticket is sold which correctly selects the finishers of both races of the SuperTrifecta or until a mandatory distribution is ordered as provided below.
5. Unless expressly noted herein, all rules and regulations related to trifecta wagering shall apply to the SuperTrifecta wager.
6. If a runner is scratched from either race of the SuperTrifecta prior to the start of the first SuperTrifecta race, then all tickets sold on the scratched runner shall be refunded.
7. If a runner is scratched in the second SuperTrifecta race after the running of the first SuperTrifecta race, then holders of tickets correctly selecting the first three (3) finishers of the first race shall share in fifty percent (50%) of the daily net pool, excluding any carryover pool, and shall receive a refund for those tickets which include the scratched runner in the second supertrifecta race.
8. In the event that racing is cancelled for any reason prior to the running of the second SuperTrifecta race but after the running of the first SuperTrifecta race, one hundred percent (100%) of the daily net pool shall be distributed to selecting the first three (3) finishers of the first SuperTrifecta race. The carryover pool shall remain undistributed and shall be added to the next SuperTrifecta.
9. The second race of the SuperTrifecta shall have at least nine (9) betting interests, except in the event of a late scratch, in which case the SuperTrifecta shall be permitted if eight (8) betting interests start.
10. The SuperTrifecta carryover pool may be transferred from one racing meet to another if it is the same breed of racing at the same racetrack and provided that there is a time period of not more than ten (10) days from the close of one organization's meet to the start of the next organization's meet.
11. A mandatory distribution of the carryover pool shall occur on the last day of the organization's meet, unless the organization elects to continue the carryover pool pursuant to paragraph 10 above, or upon order of the Executive Director. In the event a mandatory distribution occurs and no ticket is sold which correctly selects both races of the SuperTrifecta, the winner of the carryover pool shall be the holders of tickets which correctly select the most consecutive horses in order starting with the first race of the SuperTrifecta.

WAGERING RULES AVAILABLE AT INFORMATION WINDOWS
